Gooooood Morning, ERA! Or Afternoon...or evening...or whenever you decide to take a break out of your busy day to mercilessly mock my lack of movie-quote knowledge. It’s ok, you can judge; I can handle it.

My name is Brittany Novy-Mackey and I have been with GA-ASI for almost 2 years. My first position was as a Sensor Operator on the MQ-1B and MQ-1C and, after a little over a year in Flight Operations, I transferred to Project Engineering where I am now the Control Account Manager on the MQ-9 Block 5 and VORTEX. As corny as it may sound, I really do love this company, so when I saw an opening for “Newsletter Editor” that had difficulty being filled, I decided to throw my hat into the ring.

Now, for those that have worked with me on this newsletter by giving me feedback and submitting ads, you know that I may have bitten off more than I could chew. I did an utterly miserable job on my first edition (March 2016), and I will be the first to admit it. I threw it together in the few hours I had and made multiple errors, but mistakes are crucial because that’s how you learn (wise advice from an awesome supervisor of mine). So, now its time to make it better and grow!

But I need your help (yes, I know that’s improper English...I told you that you can judge already, sheesh). I want to make this newsletter as amazing and interesting as we can. If you have an idea, share it! If you have an opinion share it! I’m looking for new ways to get all ERA members involved so we can make the newsletter something we all enjoy. Consider it my way of trying to make our company a little more united. If you have a suggestion, contact me and I will do my best to make this worthwhile for all of us.

GA RETIREES ASSOCIATION, INC.

An Invitation to You
From
GA Retirees Association, Inc. (GARA)
(Not directly affiliated with General Atomics)

The members of the GA Retirees Association invite you to join us in a relaxed social organization where you can enjoy a tasty lunch and hear interesting speakers. It’s a great place to talk to former coworkers and re-connect with old friends before and after each program.

GARA offers four social functions each year. At our spring, summer, and fall luncheons we usually have a keynote speaker who discusses current world, scientific or general interest topics. At our winter luncheon we hold our annual business meeting where we discuss the past year’s accomplishments as well as approve the budget for the following year and elect next year’s members to serve on the Board of Directors. The venue is changed each time to give members a variety of foods and surroundings. Recent venues included Tom Ham’s Lighthouse, the Butcher Shop, Bernardo Heights Country Club and the Bay View Restaurant at MCRD. Our most recent speaker was Amy Abrams, Education & Outreach Manager of Alzheimer’s San Diego.

Our Newsletter is posted on our website on a quarterly basis and a hard copy is available for those members that request it. Newsletters provide information about upcoming luncheons and speakers, news about the activities of your retired associates and items of special interest.

Take a moment to visit our GA Retirees Home Page at www.garetirees.org. On the Web page you will be able to read what is currently going on in the Association as well as read the recent Newsletters. For additional information or if you are interested in joining the GA Retirees Association, you may call John Neill, Treasurer and Membership chairperson at (858) 560-7569, email him at jmuirn74@yahoo.com, or simply complete the form below, and mail it along with your $10 yearly membership fee payable to “GA Retirees Association,” 4219 Rueda Dr, San Diego, CA 92124. We look forward to you joining us!

Please support this charity concert. All the ticket sales and offering are tax deductible and will be fully donated to three orphanage and handicaped organizations in Taiwan and China. Please make offering check payable to Beracah Fellowship, Inc., Memo "SDCC". God bless you.
Dear SDCC Friends and Supporter,

The San Diego Christian Chorale (SDCC) was established in 2008. It is comprised of a group of music-loving Christians who worship at many local Chinese churches here in San Diego. Our mission is to spread the good news of God's love through music and to share the Gospel message to Chinese people in the San Diego area. The Chorale is presently comprised of approximately forty-five members. Our musical conductor is Susan Lai and our piano accompanist is Jack Cheng. Tienteh Chen is our president.

This year SDCC will present Felix Mendelssohn's grand oratorio Elijah on April 10. The story of Elijah is recorded in the Books of Kings from the Old Testament. At that time, King Ahab prohibited Israel from worshiping her God—Jehovah God—and instead adopted the cultish practices introduced by Queen Jezebel in the worship of Baal which he then imposed upon the Israelites. In order to preserve his faith, the prophet Elijah, with little regard to the risks to his own life, took up the challenge head on and through the use of different miracles was able to affirm to the Israelites that Jehovah God was indeed the one and only true God.

With his use of the unique musical score, solos, ensemble pieces, choruses and the special parts written for the organ, Mendelssohn was able to capture the intricacies of this dramatic story vividly and meticulously. This one and a half hour production is one of the greatest masterpieces from Mendelssohn's lifetime. Because of this, it can be said that Mendelssohn’s Elijah, Handel’s Messiah and Haydn’s Creation have all formed a sort of “trinity” in that all three of these oratorios have received widespread acclaim throughout music history.

All the proceeds and donations from this concert will be presented to three different Taiwanese and Mainland Chinese orphanages as well as different organizations that tend to the needs of special needs children including Bethesda Home in Hualien, Taiwan, Hope Harvest International in Yunnan, China as well as Children’s Garden Foundation. It is our sincere hope that you might consider supporting this charity music event so that together we might show a bit of our love to those children who are in need.

We look forward to seeing you there.

Love in Christ,

Tienteh Chen

Take matter into your own hands – literally – with this plasma ball. Plasma makes up some 99% of the known universe, so essential to our lives that scientists call it the Fourth State of matter (after solid, liquid and gas). Do your own plasma research by touching the globe and see how you can create enough heat to alter the high frequency current traveling through the miniature Tesla coil inside. Plasma in action! Plasma is created whenever atoms of a gas are heated up, the atoms having so much energy that they collide and knock around electrons.

Understanding how plasma works is central to the mission of fusion research at General Atomics and labs around the world, in pursuit of fusion as a promising new virtually unlimited clean-energy source for your future.

A Letter from the Editor (again...):

Well, I hope you all have enjoyed the newest version of the ERA Newsletter. If you’ve made it this far, thank you, thank you, thank you!

Now please, if you have any thoughts or comments, don’t keep it bottled up; let me know! I am far from a creative person (for those of you that are technical-minded individuals and are also creative, kudos to you), so I really do appreciate any feedback that you have. Don’t be the person that snickers to your coworkers and cube-mates about the newsletter, give me your feedback!

Have a great April and you’ll hear more banter from me in the coming months.
