

The Padres ticketing site was absolutely overwhelmed Wednesday by the high response. In the 6+ years I have been putting on events for the ERA, I have never sold one out this fast or had this kind of demand. I am sorry to those that were unable to get through. There are a small handful of tickets that will go to those first on the waitlist. However, we can only offer 2 tickets per member for those who are contacted.

The Padres ticket waitlist is completely full and is no longer accepting requests. For those that were unable to get tickets, the Padres are offering discounted tickets to this game directly. Please visit the site [here](#).

Please see the following for some FAQ's:

1. If you are not an ERA member but want to join, please follow the directions on the membership tab of the ERA page at www.ga-era.org.
2. For those that already purchased tickets, but are wondering: the seating sections do not matter and your tickets do not need to be together. Seating will be general admission in one large area so it won't matter.
3. If you need a refund because you did not enter the discount code or know where to find it, please email our Padres representative, [Logan Washburn](#).
4. Your ticket confirmation will direct you to download the MLB app in order to access them. There are no printable tickets. If for some reason you NEED printable tickets, please email our rep [Logan Washburn](#).

Thank You,
Roxanne J. Dierking
